LICENSE NO. 003782)	SURRENDERING LICENSURE
)	
TO PRACTICE RESPIRATORY CARE)	
IN THE STATE OF NEW JERSEY)	
)	

This matter was presented to the New Jersey State Board of Respiratory Care based upon information received that it was alleged Mr. Molmen was discharged from employment at Contour Medical Supply due to misconduct following his having stolen a small quantity of a patient's prescription medication which was a controlled dangerous substance while at the patient's home in the State of Pennsylvania in July 2001. Mr. Molmen appeared pro se for an inquiry held before the Board of Respiratory Care on August 6, 2002 but did not testify at that time as he requested additional time to retain counsel in this matter. Having retained counsel, Matthew Portella, Esq., Mr. Molmen, being desirous of avoiding

further formal proceedings herein, the Board having determined that the within disposition is adequately protective of the public health, safety and welfare; and the parties have agreed to the surrender of Mr. Molmen's license to practice respiratory care in the State of New Jersey, without prejudice to a petition for reinstatement in the future; and for other good cause shown,

IT IS ON THIS DAY OF SEPTEMBER, 2002,

ORDERED THAT:

1. The surrender of license by Layne Molmen is accepted effective October 1, 2002. An application for reinstatement of license will not be considered until at least six months from the entry date of this Order and upon filing any petition for reinstatement, Mr. Molmen shall demonstrate to the satisfaction of the Board that he has successfully completed appropriate inpatient or outpatient substance abuse treatment along with a detailed report of such treatment and from his psychotherapist who recommends re-entry into practice; and has maintained sobriety for a minimum period of no less than three (3) months via reports of random urine and/or blood monitoring and attendance at AA/NA meetings. After receipt of such documentation, the Board will consider an application for reinstatement on such conditions as the Board deems appropriate after an appearance before the Board by Mr. Molmen at which the burden shall be upon him to demonstrate he is

fit and competent to resume the practice of respiratory care. Any application will be considered in good faith by the Board.

2. Respondent Layne Molmen shall return his original New Jersey license and current biennial registration to the office of the New Jersey State Board of Respiratory Care, 124 Halsey Street, 6th Floor, Newark, New Jersey 07101 within ten (10) days of the entry of this Order.

3. The parties stipulate and agree that the entry of this Order shall not be deemed an admission by Respondent, but is without prejudice to any further action by the Board regarding facts or circumstances not mentioned in this Order or any action by any law enforcement authorities.

NEW JERSEY STATE BOARD OF RESPIRATORY CARE
